

## THE BARLOW CUP (WHS Index 20.1 - 36.0 playing off 95%)

Clubs shall hold qualifying Stableford rounds in the month of May of the current year

Members may only enter the qualifying competition at their Home Club

Weekend and weekday competitions must be held, but should a player enter both, only her first score counts

The qualifier shall be the player returning best Stableford score in the handicap category stated above. If the qualifier is unable to enter the Handicap Championship her place may only be taken by the next best score

Ladies Competition Secretaries must notify the winners that they have qualified to compete for the Barlow Cup at the Handicap Championship. They must also notify the name of the qualifier to the County Competitions Secretary by **30th June** using a form which will be available on the website.

Should a Barlow qualifier reduce her Handicap Index below 20.1 prior to the Handicap Championship she may still compete for the Barlow Cup but must play off her current Handicap Index. Similarly, should a player increase her HI above 36.0, she may still compete but must play off HI 36.0

Any player entering the Handicap Championship Stableford, even if not a Barlow Cup qualifier, will also need to play to the same handicap constraints as above. If she reduces her Handicap Index to below 20.1 prior to the championship, she can choose to withdraw from the stableford and enter the medal competition instead, up to 48 hours prior to the championship.

She will not be eligible for any other Handicap Championship prize in her handicap range

Play will be in 3's - Please enter with partners, or individually and partners will be allocated

Start sheets will be published on the SLCGA website and sent to the Club Delegates 14 days before the date of the Championship
